

## Guidelines for evaluating the presentation

Make your feedback constructive (include suggestions for improvement).

Look for things such as:

- ★ Voice (volume, pitch, pace, use of pauses)
- ★ Non-verbal communication (mannerisms, using hands, position in room, eye contact)
- ★ Use of training aids and training methodologies (digital/non digital learning tools)
- ★ Class management
- ★ Overall quality of the structure of the presentation

Name of team:

What they did well	What they could improve on
